MEMORANDUM FOR JUDGE VINSON and  
JUDGE RUTLEDGE

Re: No. 7948 American Gas & Elec. Co. v. S.E.C.

Recently I sent you a copy of my dissenting opinion in the above entitled case with a notation that it had not yet been proof read. I now hand you a copy reprinted after proof reading and corrections.

I have added one new paragraph of text which commences on page 26, the fifth line from the top and ends in the middle of page 27. All of the other changes have been minor - typographical, punctuation, grammar, minor points of clarity, and the like. If you desire, however, to examine them and will ask your secretary to communicate with Mrs. O'Neill she will be glad to furnish you a copy of the opinion as returned to the printer.
