

The Honorable B. Everett Jordan
Chairman, Committee on Rules and Administration
United States Senate
Washington, D. C. 20510

Dear Senator Jordan:

This is in reply to your letter of November 15, 1963, enclosing a copy of Senate Resolution 212, and requested the assistance of this Commission in connection with the study and investigation contemplated thereby.

You refer to certain alleged activities of the former Secretary for the Majority of the Senate, and indicate that it would be helpful if the Committee might share in whatever material and information is in the records of this Commission on this aspect of the inquiry. We would be glad to furnish whatever material and information we can with respect to this matter, and our General Counsel, Philip A. Loomis, Jr., will be happy to confer with representatives of your Committee about this matter at your convenience.

Sincerely yours,

William L. Cary
Chairman
