

August 22, 1975

Mr. Charles F. Rogers  
319 Harris Avenue  
Woonsocket, Rhode Island

Dear Charles:

I have received your letter of August 18, 1975, in which you asked for a status report on your application for a position on the Commission's staff.

By now you may have already received, through the office of Chairman St. Germain, a letter I wrote to Dick Still in response to a similar inquiry from him. In case you have not, I am attaching a copy. As you can see from my letter, there just are not any slots ~~opened~~ *open*

I know how discouraging things like this can be since I've been on your side of the fence a few times myself. If it is any consolation, I firmly believe in my own mind that your not joining us is our loss.

Kindest regards,

Theodore C. Barreaux  
Director of Congressional  
Relations
