Re: TMT

Dear Irma and Mal:

Herewith preliminary copy of the brief, served only on Wolff, together with my letter to the clerk explaining the procedure followed. No copy yet to SEC or Alex. Since I am scheduled to be preparing for a trial over the weekend and trial Tuesday and Wednesday I have to ask you people to get started on the citation checking, particularly since most of the citations came from the material at your home, and your files are fuller than mine anyhow.

I have received my copy of the SEC brief. I think that we ought to call their attention to a bust in footnote 64 on p.38. It was only the nolo that was of record before Wolff got the job, and the conviction came along afterwards.

Sincerely yours,

Irwin L. Langbein
