GENERAL TELEPHONE INFORMATION

TO TRANSFER CALLS

- . To transfer a call to a third party:
- . Depress Switchhook --- _____
- . Dial third party - party answers
- . Announce call - hang up
- . Call is transferred

*THREWAY CONVERSATION

Threeway Conversation (To add third party to existing call):

- To add third party:
- . Depress switchhook --- _____
 - . Dial third party - party answers
 - . Depress Switchhook - begin conversation

To drop one of the parties:

- . Anyone of the three parties can hang up - remaining two parties can converse only if the parties are ON-NET.

*A threeway long distance conversation between 1 government agency (On-Net) and 2 two-commercial establishments (Off-Net) can not continue if the government caller hangs up. The call is automatically terminated if the government caller was the initial caller.

TO CONSULT

To Consult (privately with a third party)

To hold call and consult:

- . Depress switchhook --- _____
- . Dial third party - party answers
- . Converse

To return to held call:

- . Wait for third party to hang up
- . Depress switchhook twice
- . Resume conversation

INTEROFFICE CALLS

For headquarters calls, use this directory and dial the number given. If the party is not listed dial the SEC Personnel Locator Number 272-2550, NOT the telephone Operator, and ask for information. Keep an up-to-date list of frequently called numbers.

SEC POLICY ON PERSONAL USE OF FEDERAL PHONE SYSTEM

Reimbursement for long-distance calls will only be made for calls of five minutes or less in duration with a maximum reimbursement of five dollars under this policy. When on foreign travel, calls will be reimbursed for the first five minutes only.

Use of Government telephone systems (Commercial and FTS), for local and long distance calls, may be authorized when made in the best interest of the

Government if such use satisfies the following criteria:

1. It does not adversely affect the performance of official duties by the employee or the employee's organization;
2. It is of a reasonable duration and frequency (duration, for the purposes of this regulation, is defined as not in excess of five minutes in length);
3. It reasonably could not have been made at another time.

Calls made under these conditions are considered official.

Examples of such authorized use of the Government telephone system under the new regulation are as follows:

1. Calls to notify family, doctor, etc., when an employee is injured on the job.
2. An employee traveling on Government business is delayed due to official business or transportation delay, and calls to notify family of a schedule change, or when an employee traveling for more than one night on Government business in the U. S. makes a brief call to his/her residence (not more than an average of one call per day). Use of Federal and/or commercial telephones is authorized.
3. An employee is required to work overtime without advanced notice and calls within the local commuting area (the area from which the employee regularly commutes) to advise his/her family of the change in schedule or to make alternative transportation or child care arrangements.

One call per day is authorized within the local commuting area for the following reason:

An employee makes a brief

. daily call to locations within the local commuting area to speak with a spouse or children (or those responsible for them, e.g., school or day care center) to see how they are.

. call to a location within the local commuting area that can be reached only during working hours, such as local government agencies or a physician.

. call within the local commuting area to arrange for emergency repairs to his/her residence, automobile, etc..

PERSONAL LONG DISTANCE CALLS that must be made during working hours, and are not in the interest of the Government (unofficial calls), may now be made over the commercial long distance network (dialing 9 + 0), and must be:

1. Charged to the employee's home phone number or other non-Government number (third number call);
2. Made to an 800 toll-free number.
3. Charged to the called party if a non-Government number (collect call); or
4. Charged to a personal telephone credit card.

If possible, calls should be made during lunch or other off-duty periods. At no time should employees make long distance or local social calls or calls that can be made in the evening or on weekends from home. Abuse of Government telephone systems, including abuse of the privileges outlined herein, may result in disciplinary action in accordance with SECR 6-10. Any questions regarding the use of Commission telephone systems should be directed to Ernest Jones (OIT) on 272-2838.

REIMBURSEMENT FOR FOREIGN TELEPHONE CALLS. This policy applies only to SEC travelers on temporary business travel:

- . Reimbursement for first five minutes only (regardless of cost).
- . Calls may also be "averaged" for a total of 35 minutes per week.

If less expensive, the call may be initiated by spouse or other family member from the states to the international location, but the 5 minutes per day or average of 35 minutes per week remains.

TELEPHONE SYSTEM CAPABILITIES

All Commission telephones have either national or international levels of service. International service is limited to those Divisions Directors and or their associates when a need for this type of service exists. When using the existing phone system, it is important to utilize the correct dialing procedures for the type of call you are making. This will help ensure that calls are being charged in the most economic manner. The following list provides dialing instructions for placing calls from Commission telephones:

1. Government Offices (within HQ and certain local Federal Offices) -- dial 7 digits.
2. Government Offices in the Washington Metro Area. Washington, D.C. -- dial 9 + 7 digits, MD -- dial 9 + 301 + 7 digits, VA -- dial 9 + 703 + 7 digits.
3. Local Commercial Numbers in the Washington Metropolitan Area. Washington, D.C. -- dial 9 + 7 digits, MD -- dial 9 + 301 + 7 digits, VA -- dial 9 + 703 + 7 digits.
4. FTS (long-distance to another Government agency) -- dial 8 + area code + 7 digits.
5. FTS (long-distance to a commercial telephone number) -- dial 8 + area code + 7 digits.

6. Canada and Caribbean -- dial 9 + 1 + 10 digits. Message Unit Charge Applied.

7. International Direct Distance Dialing (International Service Only) -- dial 9 + 011 + No. Message Unit Charge Applied.

8. Commercial Operator Access. Local -- dial 9 + 0, Long Distance (AT&T) -- dial 9 + 00. This is to be used for making collect calls, credit card calls, or when charging the call to a non-Government number. Message Unit Charge Applied.

9. 800 Numbers -- dial 9 + 1 + 800 + 7 digits. Message Unit Charge Applied.

10. Directory Assistance -- dial 9 + 411. Message Unit Charge Applied.

11. Emergency -- dial 9 + 911. Message Unit Charge Applied.

NOTE: MESSAGE UNITS EQUATES TO A COMMERCIAL CHARGE.

Whenever possible, calls should be placed on a service where the message unit charge does not apply. This will help to reduce the Commission's overall telecommunications costs.

LONG DISTANCE CALLS FEDERAL TELECOMMUNICATIONS SYSTEM (FTS)

All long distance telephone calls made within the United States will be placed over the FTS. The Federal Telecommunications System (FTS) is a government network of leased long-distance circuits interconnecting major cities. Official calls can be made through the FTS to any telephone subscriber in distant cities as well as to government agencies in those cities.

1. Your FTS access code is "8."
2. If you are calling commercial number, dial "8," the area code, plus the seven digit commercial number.
3. If you are calling a FTS number from Washington, dial "8" + area code + 7 digits.
4. To reach long-distance commercial information dial "8," plus the area code, plus 555-1212. The operator will connect you with the city information operator. After receiving the distant person's number, hang up and complete the call over the FTS. FTS Operators cannot provide commercial information.
5. To report all telephone repairs and troubles dial 272-2841, give your name and extension, the telephone number you were trying to reach and the nature of the trouble you encountered.

DIRECTORY CHANGES

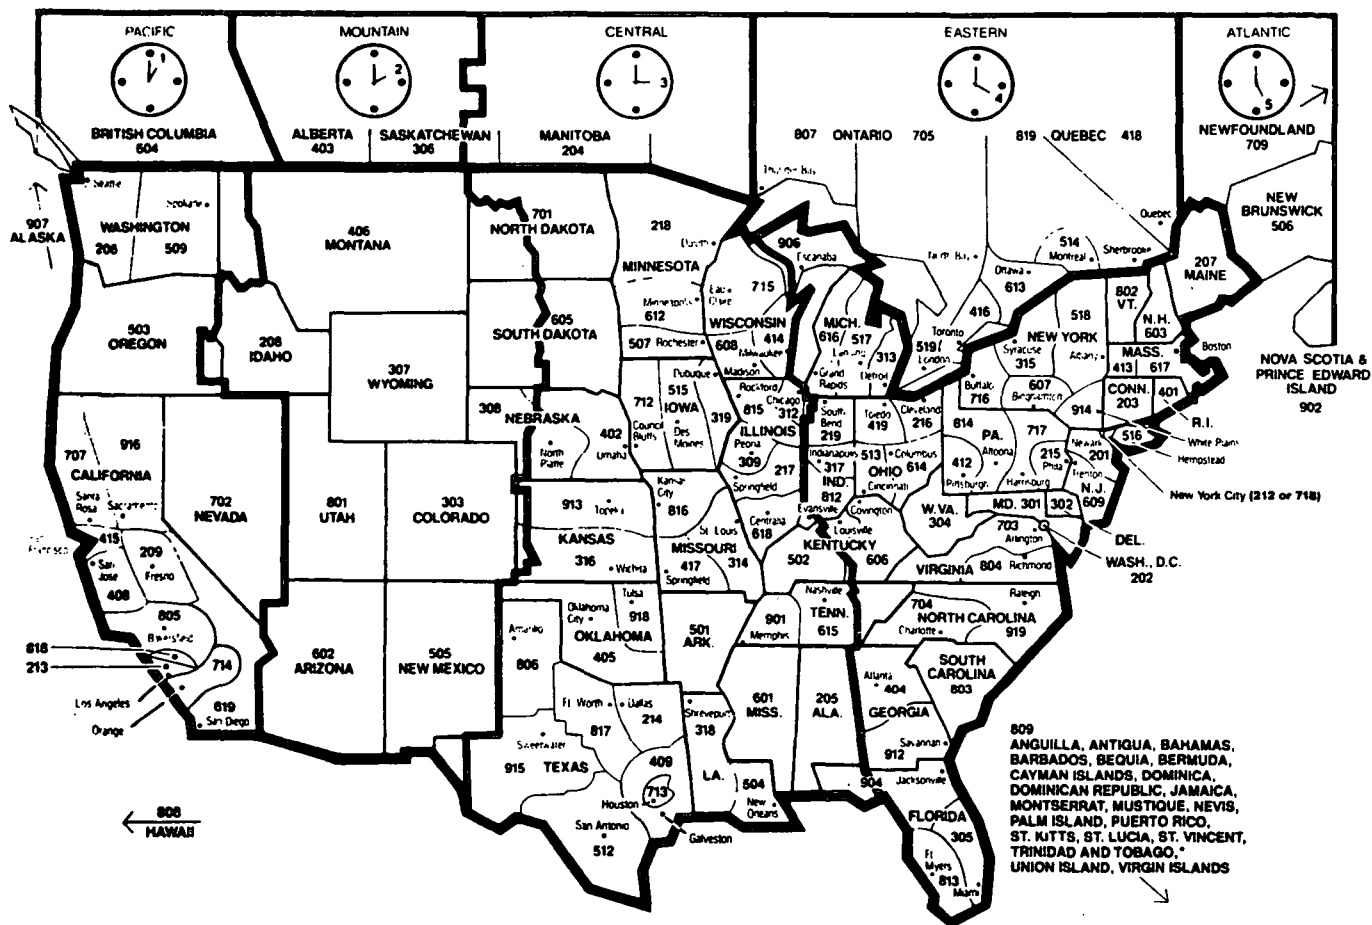

Any additions, deletions, and changes in a directory listing must be reported to your Administrative Officer who is responsible for updating the information in the system.

HOW TO PLACE LONG DISTANCE CALLS

THE FEDERAL TELECOMMUNICATIONS SYSTEM (FTS)
SHALL BE USED IN PLACING ALL OFFICIAL LONG DISTANCE CALLS
IN THE CONTIGUOUS 48 STATES

FOR INFORMATION REFER TO THE FTS TELEPHONE USERS GUIDE

GOVERNMENT NUMBERS DIAL 8 + 7 DIGITS
NON-GOVERNMENT NUMBERS DIAL 8 + AREA CODE + 7 DIGITS

	4:00		4:30
	5:00		5:30 (Drop off passengers)

TDD INSTRUCTIONS

TO PLACE CALL

Plug in the recharger.

Depress and hold the clear key then depress the back-space key at the same time. Release both buttons.

Place the telephone handset in the coupler-cradle with the telephone cord to the left or as indicated on the base.

Dial telephone number.

Watch display window for status of call:

Dial Tone = A steady faint glow.

Ringling = A long slow flash followed by a pause.

Busy Signal = Short continuous flashes

After the party has come on the line, type in your message i.e., Hello _____ this is _____ I Am Calling _____. Signal caller to reply by typing the letters GA (Go Ahead)

Correct mistakes by using back space key.

To type figures, depress the shift key on the left side of the keyboard, depress the appropriate figures or punctuation keys, then depress the right hand shift key to return the keyboard to normal letter mode.

If during the conversation should you unexpectedly shift into figure mode causing unintelligibility, depress the right hand shift key only and the keyboard will shift back to receiving letters.

Upon completion of your call type in the letters SK (Stop Keying) which signals the end of the call.

TO RECEIVE A CALL

When telephone is answered you will hear a beep, beep sound or no sound, this indicates a TDD call.

Place handset in coupler-cradle with telephone cord to the left.

Type in your name and request the caller to identify who is being called. Type GA (Go Ahead) which signals caller to continue.

To place caller on hold, type HD (Hold).

To end conversation, type SK (Stop Keying).

How to Use a TTY/TDD Relay Service

Many individuals who are either Deaf or Hard-of-Hearing are still able to use the telephone by means of a special telecommunication device, known as a TTY or TDD. TTYs generally include a keyboard, display screen, and modem on which the telephone receiver is placed. Newer models plug directly into the phone line and do not need a telephone.

If you need to call a person who has a TDD or TTY phone number, and you do not have a TTY, then you need to call your state relay service or the Federal relay service (numbers are listed below). When you reach the operator, you will be asked to provide the name and number of the TTY user you are trying to call.

When the Deaf/Hard-of-Hearing person answers, the operator will explain that you are calling via the relay service. The operator will type on the TTY to the Deaf/Hard-of-Hearing person exactly what you say (word for word) and will voice to you exactly what the Deaf/Hard-of-Hearing person types back. Thus, you will need to talk as if you are talking directly to the Deaf/Hard-of-Hearing person and not to the operator (Do not say "tell him that..."). This process is not as complicated as it sounds. If you have a Deaf/Hard-of-Hearing co-worker, customer, or acquaintance to call, contact the relay service today and give it a try.

Here are some simple guidelines to use when using a relay service;

1. Know the relay number of your area (voice or TTY).
2. Know the number you wish to call.
3. Call the relay number and tell the relay operator: "Hi I would like to place a call to (Joe Doe on 222-123-1234)." The relay operator will guide you through the process of making a relay call.
4. Say GA when you are ready for the other person to begin talking so the operator can tell them it is their turn. When you are finished and ready to hang up, say SK. (GA = go ahead, it's your turn to talk, SK = to end conversation.) It's best not to hang up immediately after saying 'good-bye' but wait until the other person indicates that they are also finished. Sometimes someone will need to add some information or ask a question right at the end of the conversation.
5. Be assured that relay operators are bound by confidentiality laws; they are identified only by numbers, they cannot repeat the conversation that they have relayed and they may not interject their personal opinions into the conversation.

RELAY SERVICES

Virginia:	1-800-828-1120 (TDD) 1-800-828-1140 (Voice)
DC:	(202) 855-1234 (TDD) (202) 855-1000 (Voice)
Maryland:	1-800-735-2258 (Voice/TDD)
